Project 1 Highly Qualified Staff

Objectives:

- Design a state system for helping Tennessee districts/schools recruit and train high-quality, highly qualified teachers.
- Design a state rubric/evaluation system to review LEA plans for assessing highly qualified paraprofessionals.

Project 2 Supporting Learning for All Students

Objectives:

- Design a NCLB statewide school support system.
- Provide technical assistance to a state cadre of individuals focused on NCLB schoolwide Title I requirements for school improvement planning and prepare the state cadre to assist schools when developing required plans.

Project 3 Adolescent Literacy and High School Redesign

Objectives:

- Ensure quality technical assistance and topic-related information are provided to middle and high school teams during the 2nd Annual High School Summit held by the Tennessee Department of Education, Summer 2006.
- Provide technical assistance and facilitation to TDE/TN State Board of Education's (TSBE) Joint Focus Group on High School Redesign.
