

Virginia Baseline Management Plan

2005-06

Project 1

Increase SEA capacity to support low performing schools

Objectives:

- **Strengthen LEA school improvement initiatives to assist schools that did not make AYP by providing instructional and leadership forums for principals, assistant principals, division administrators, and school improvement team leaders.**
- **Enhance the capacity of the SEA to provide technical assistance to schools and districts that did not make AYP by training LEA School Improvement Teams to monitor the development and implementation of the eight NCLB required components for the School Improvement Plan.**
